

# MANAGE Internship Programme for Post-Graduate Students of Extension Education

Mentoring Next  
Generation Extensionists

## MANAGE

National Institute of Agricultural Extension Management, Hyderabad is an apex level autonomous organization under the Ministry of Agriculture and Farmers Welfare, Government of India. It undertakes national and international training programmes, research, management education, knowledge management, consultancy and implementation of flagship central sector programmes on agricultural extension management ([www.manage.gov.in](http://www.manage.gov.in)).

## MANAGE Internship Programme

MANAGE internship Programme intend to provide experiential learning to integrate knowledge and theory of extension education with practical application and skills development in a professional setting. Internships give students the opportunity to learn recent advances in extension education, gain valuable applied experience and facilitate to develop the professional network among the agricultural extension stakeholders.

## Objectives

1. To provide knowledge support to students for pursuing exciting and innovative research ideas.
2. To give the opportunity to take-up short-term topical research.
3. To inculcate the professional dynamism among the extension students.
4. To impart practical knowledge and exposure to the Gol schemes.

*Students add value to institutions and are the future of the society. To fulfil our moral responsibility of empowering the farmers, we need good extension professionals. MANAGE Internship Programme was started to achieve that aim and make a positive impact in the farmers' lives by mentoring young extension students.*

- Smt. V. Usha Rani, IAS, Director General, MANAGE
