Smt. P. Vijayanirmala, Project Director, ATMA and other senior officials from the Dept. of Agriculture also participated.

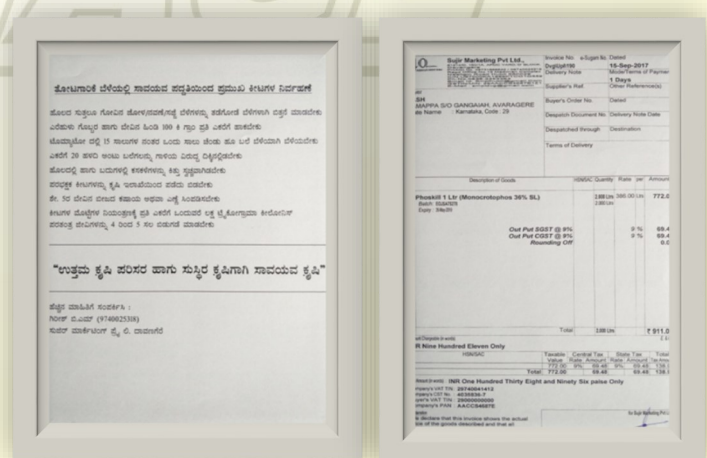

Trained Input Dealer : Acting as Para Extension Professional– A success Story

Mr.B.M.Girish, M/s Sujir Marketing Ltd, Davanagere, Karnataka has completed DAESI program in the year 2016-17. He felt that DAESI program has helped him to acquire technical knowledge on Agriculture and very useful to provide appropriate advisory services to farmers. He also expressed that his level of confidence has increased in technology dissemination. He is using innovative method of propagating Good Agricultural Practices to farmers. He has printed the technical information on each selected topic on the following areas at the back side of bills (Invoice).

Innovative idea of printing following information at the back side of bills (Invoices) :

- Pest management using organic methods in Horticultural crops
- Green Manures and their benefits
- Minor Millets and their benefits
- Integrated pest management
- Importance of Testing Water and Soil
- Micro nutrients and their benefits
- Seed Treatment (Bio and Chemical)
- Water management in Dry land farming.
- Cost of Productions

Farmers also expressed that the information printed on the backside of bills are very useful.
