Date: 16th Feb 2021

Dear Dr. P. Chandra Shekara Ji,

Greetings from SAVE Foundation!

We thank you for the energetic interactions we had on 9th Feb'21 and the invitation letter to be Knowledge Partner of the FPO ACADEMY setup by MANAGE (Ref. MNG-09/CSAM&E-31/2020-21 dated 12th Feb'21). It is our privilege to be the Knowledge Partner of MANAGE – FPO Academy which is in right time with right policies to empower Indian Agribusiness Ecosystem by promoting & strengthening the FPOs towards Smart Farmer Enterprises. I am sure that, together we will make the best out of this initiative to unleash the true potential of FPOs to create larger impact.

SAVE Foundation is committed towards bringing social transformation to agricultural communities in a commercially sustainable model. We work on promoting Farmers as Smart Agripreneurs and Farmer Producer Organizations (FPOs) as Smart Farmer Enterprises, through credible partnerships for FPOs leadership mentoring, business development advisory services, Business Plan preparations, mainstream market linkages (input, finance, output), access to digitization of FPOs day-to-day transactions, adopting to climate smart farming practices, smart irrigation technologies, Farm Mechanization, Post-Harvest storage solutions, logistics support, Value Addition and Branding services etc. for their better income and sustainability.

We are pleased to share SAVE Foundation brief profile and attaching the success stories of two of our associated FPOs, namely, Koutla-B MACTS (Telangana) & Yazali FPC (Andhra Pradesh) for your reference. This will give you a glimpse of our activities related to FPOs in the past and present. I thank you again for giving us this opportunity. We look forward to have a very healthy and fruitful relation with MANAGE as a Knowledge Partner thereby contributing the best towards doubling the farmers incomes, doubling the agriculture exports and leveraging the Agriculture Infrastructure being established for Food Processing.

Thanks and Best Regards,

(Mendu Srinivasulu)
