

Visitor at MANAGE-CIA
Team MANAGE-CIA hosted an engaging outreach interaction for visiting participants, showcasing the role of incubation and the programmes we conduct to support agri-startups. Our team and interns shared firsthand experiences, offering insights into innovation, entrepreneurship, and the incubation journey.

Agri-Startup Stakeholders Connect | ICAR-CIAE, Bhopal

We proudly hosted the Agri-Startup Stakeholders Connect, bringing together aspiring agripreneurs, startups, mentors, and stakeholders to foster innovation, collaboration, and sustainable growth in the agri-startup ecosystem. The program commenced with a ceremonial lamp lighting, symbolizing our shared commitment to nurturing future agripreneurs. Participants pitched their ideas, startups shared real-world experiences, and mentors provided guidance on navigating the ecosystem. The startup exhibition offered an interactive platform to showcase innovations, engage with experts, and explore meaningful collaborations, reinforcing the importance of market-driven solutions and knowledge exchange in shaping the future of agriculture.

11K voices. One vision.
A growing community that stands with us.

Our Mentor-Mentee Talk is a recurring space to engage, reflect, and grow together as a team-building minds before milestones.

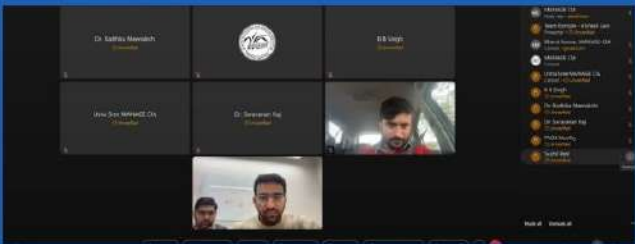

Our podcast continues to spotlight the journeys behind agri-startups, their ideas, challenges, and impact. This month, we released two engaging episodes featuring inspiring startup stories.

- 2. Webinar on Collaborations and Partnerships: Understanding Market Demands through Collaboration with Local Farmers and Consumers - 13th Dec 2025
- 3. Webinar on "Collaborative Advantage: The Benefits of Agri-Startup & Corporate Partnerships" - 20th Dec 2025
- 4. Webinar on "Marketing Strategies: Effective Digital Marketing for Agri-Tech Products" - 27th Dec 2025

Pre-Incubation Program for Agri-Startups 2025

We inaugurated the Pre-Incubation Program, an online mentorship initiative designed to guide aspiring agripreneurs through the stages of idea validation, innovation, and market readiness. Through expert guidance, interactive sessions, and practical support, participants are empowered to transform their ideas into impactful agri-startups, building confidence and skills to navigate the entrepreneurial journey.
