MANAGE

समृद्धि
Ministry of Agriculture
& Farmers' Welfare

The National Institute of Agricultural Extension Management (MANAGE), an autonomous organisation under the Ministry of Agriculture and Farmers Welfare, Government of India is an apex body for Agricultural Extension Management in India.

MANAGE offers services like Capacity building, Management Education, Piloting and Implementing Flagship National Schemes, Consultancy, Research, Knowledge Management and Policy Advocacy in Agricultural Extension Management.

(<https://www.manage.gov.in>)

MANAGE-CIA

MANAGE - Centre for Innovation and Agripreneurship (CIA), a Centre of Excellence Agri-Business Incubator hosted by MANAGE, one of the leading agri-business Incubators in India. MANAGE-CIA is supporting, guiding and mentoring the Agripreneurs and Agri-startups in Agriculture and Allied sectors. MANAGE-CIA is the Knowledge Partner for strengthening, handholding and demonstrating best practices to the Agri-Business Incubators (R-ABIs) of Agri-Innovation and Entrepreneurship program of RKVYRAFTAAR, Ministry of Agriculture and Farmers Welfare, Government of India. MANAGE-CIA has mentored 1164 Agri-startups and incubated 630 startups in the last four years. Apart from training and mentoring, MANAGE-CIA is facilitating Agri-startups in creating networks, collaborations, market linkages and extended end-to-end support for scaling-up their business. Programs

Bidhan Chandra Krishi Viswavidyalaya (BCKV)

Bidhan Chandra Krishi Viswavidyalaya (BCKV), established in 1974 at Mohanpur, Nadia, West Bengal, is one of the leading State Agricultural Universities in Eastern India. Named after the renowned physician and former Chief Minister of West Bengal, Dr. Bidhan Chandra Roy, the University is committed to advancing agricultural education, research, and extension services. BCKV offers undergraduate, postgraduate, and doctoral programs in agriculture, horticulture, agricultural engineering, biotechnology, agribusiness management, and allied sciences, catering to the evolving needs of the agricultural sector. (<https://www.bckv.edu.in/index.php/en/>)

Research, Innovation and Extension Activities

BCKV actively promotes research, innovation, and technology dissemination in areas such as crop improvement, horticulture, climate-resilient agriculture, natural resource management, agricultural engineering, and sustainable farming systems. Through its research stations, Krishi Vigyan Kendras (KVKs), and extension network, the University collaborates with farmers, government departments, research organizations, FPOs, startups and industry partners to transfer scientific innovations from laboratories to fields. The University also encourages entrepreneurship, agribusiness development and startup-led innovation, contributing significantly to agricultural transformation, food security and rural livelihood enhancement in West Bengal and beyond.

About the Program

This program will help start-ups connect with all the relevant agri-sector stakeholders on a single platform and bridge the information gap thus facilitating a seamless exchange of knowledge, resources and Partnership opportunities. It also aims to connect all stakeholders across the entrepreneurship ecosystem for providing startup-centric solutions. This unique programme seeks to foster a vibrant community, enabling startup founders and agribusiness stakeholders to connect, share their experiences and collaborate in ways that drive progress. With an emphasis on fostering dialogues and facilitating learning, participants will have the opportunity to not only showcase their products but also to learn from fellow founders' experiences.
