# MANAGE

The National Institute of Agricultural Extension Management (**MANAGE**), an autonomous organisation under the Ministry of Agriculture and Farmers Welfare, Government of India is an apex body for Agricultural Extension Management in India. MANAGE offers services like Capacity building, Management Education, Piloting and Implementing Flagship National Schemes, Consultancy, Research, Knowledge Management and Policy Advocacy in Agricultural Extension Management (<https://www.manage.gov.in>).

## MANAGE-FISHub

MANAGE-Fisheries Innovation and Startup Hub (**MANAGE-FISHub**) is a national- level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators. (<https://www.manage.gov.in/managefishub/>)

### Our Programs

# ICAR-CIFE

**ICAR-Central Institute of Fisheries Education (ICAR-CIFE)** is a premier Deemed-to-be-University and national centre of excellence dedicated to fisheries education, research, and extension in India. Established in 1961 and headquartered in Mumbai, the Institute functions under the Indian Council of Agricultural Research (ICAR). With over six decades of distinguished service, CIFE has played a pivotal role in human resource development for the fisheries and aquaculture sector, producing thousands of skilled professionals, scientists, and leaders. The University offers postgraduate and doctoral programs in fisheries science and allied disciplines, supported by state-of-the-art infrastructure, national and international collaborations, and a strong research and outreach network. Through quality education, innovative research, and capacity building, ICAR-CIFE contributes significantly to sustainable fisheries development, food security, and the blue economy. (<https://www.cife.edu.in/>).

## Objectives

01.

Conduct postgraduate programmes in fisheries sciences, offering advanced education leading to Master's and Doctoral degrees in specialized fisheries disciplines.

02.

Basic and strategic research in frontier areas of fisheries science to generate new knowledge and technologies.

03.

Human resource development, capacity building and skill development through training, education and extension activities targeted at students, professionals, entrepreneurs, farmers and fishers.

## About the Program

The Fisheries-StartUp & Aquapreneurship Stakeholders Meet aims to bring together all key stakeholders of India's fisheries and aquaculture ecosystem on a single collaborative platform and bridge the information gap, by facilitating a seamless exchange of knowledge, resources, and partnership opportunities among them.

The program aims to strengthen the fisheries entrepreneurship landscape by fostering innovation, collaboration, and value-chain integration. It provides startups with opportunities to showcase innovations, connect with partners, and learn from successful ventures. By facilitating dialogue and partnerships, the program seeks to build an inclusive ecosystem that accelerates sustainable growth, technological adoption, and blue economy development.

## Who Can Attend?

Fisheries Startups & Aquapreneurs

Aspiring Aquapreneurs

Fisheries Incubators, Accelerators & Innovation Hubs

Fishers & Fish Farmers

Fisheries Students & Researchers

Financial & Funding Organisations

Academic & Research Institutes

Fisheries & Allied Industries

FFPOs, Cooperatives & SHG's

Policy Makers

NGO's & Extension Functionaries

Other Stakeholders in the Fisheries Startup Ecosystem

## Focus Areas

Aquaculture Mechanisation & Innovation

AI & IOT in Fisheries

Waste to Wealth

Biotechnology & Genetics

Integrated & Secondary Aquaculture

Blockchain Technology

Fisheries Extension & Advisory

Post-Harvest & Cold chain innovations

Fisheries Inputs & Feed Technology

Other Innovations in Fisheries & Aquaculture

## Key Takeaways

### Build Networks

Meet individuals who can potentially become business partners, clients, mentors, or collaborators.

### Gain Visibility

Showcase your products and technologies to a relevant audience, increasing your visibility within the local business community.

### Learning & Exposure

Gain insights from Fisheries-Startup Stakeholders through Networking, Talks and Discussions

### Forge New Partnerships

Facilitate collaborations and discover opportunities for joint ventures, partnerships, or projects that align with your objectives.

### Discover New Opportunities

Engage with innovators, experts, and institutions to explore emerging trends and startup opportunities in the fisheries sector.

## Organisers

### ICAR-CIFE

**Dr. N. P. Sahu**
