MANAGE

The National Institute of Agricultural Extension Management (MANAGE), an autonomous organisation under the Ministry of Agriculture and Farmers Welfare, Government of India is an apex body for Agricultural Extension Management in India. MANAGE offers services like Capacity building, Management Education, Piloting and Implementing Flagship National Schemes, Consultancy, Research, Knowledge Management and Policy Advocacy in Agricultural Extension Management (<https://www.manage.gov.in>).

MANAGE-FISHub

MANAGE-Fisheries Innovation and Startup Hub (MANAGE-FISHub) is a national- level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators (<https://www.manage.gov.in/managefishub/>).

CUTM

Centurion University of Technology and Management (CUTM) was established in 2010 has its campus at Paralakhemundi, Gajapati District, Odisha spread over 120 acres at the foothills of the Eastern Ghats. The university operates across six campuses in odisha- Paralakhemundi, Bhubaneswar, Balangir, Rayagada, Balasore and Chatrapur in odisha along with operations in Andhra Pradesh including its Vizianagaram campus. (<https://cutm.ac.in>).

The School of Fisheries at the paralakhemundi campus was established in 2017 and offers programmes in Fisheries and Aquaculture, including the B.F.Sc programme with ICAR accreditation. The school is equipped with practical facilities such a fish ponds, hatcheries, a fish feed mill, biofloc and aquaponics units and a fish processing unit. In addition to Fisheries the campus offers programmes in Agriculture, Agricultural Engineering, Engineering and Technology Management, Veterinary and Animal Science, Nursing, Pharmacy, Applied Science and Vocational Education including B.Sc Agriculture, M.Sc. Agriculture, B.Tech programmes, BBA, MBA in Agribusiness Management, B.V.Sc & A.H, B.Sc Nursing, B.Pharm, BCA and various diploma and skill-based programmes.

Objectives

- To provide quality, skill-integrated and industry-oriented higher education through academic programmes in diverse disciplines
- To develop employable and industry-ready human resource through practical experiential and hands on learning
- To promote entrepreneurship and innovation and encourage students to develop enterprises and sustainable livelihood opportunities
- To undertake research and technology development addressing local industry specific challenges
- To support rural and economically disadvantaged communities through education, skill development, training and outreach programmes
- To promote sustainable development and environment conservation, including sustainable fisheries, aquaculture and aquatic resource management through the School of Fisheries
- To Strengthen industry, community and institutional linkages for knowledge sharing, technology transfer, employment and entrepreneurship opportunities
- To contribute to sustainable livelihoods and community development through education, research innovation and field-based interventions

About the Program

Aqua Yuva is a youth-focused programme aimed at empowering fisheries students and young professionals with knowledge, skills, and exposure to entrepreneurship and aquaculture startups. The programme provides a platform to interact with experts and stakeholders, enabling exchange of ideas and insights.

By bridging the gap between technical education and enterprise development, Aqua Yuva inspires participants towards self-employment and aquapreneurship. The programme nurtures a confident, skilled, and future-ready generation capable of contributing to sustainable fisheries development and the growth of India's blue economy.

Who can attend?

**Fisheries Students
(UG / PG / Ph.D.)**

Registration fees

₹500 Per Participant

Focus areas

Key Takeaways

Build Networks

Meet individuals who can potentially become business partners, clients, mentors, or collaborators.

Forge New Partnerships

Facilitate collaborations and discover opportunities for joint ventures, partnerships, or projects that align with your objectives.

Gain Visibility

Showcase your products and technologies to a relevant audience, increasing your visibility within the local business community.

Discover New Opportunities

Engage with innovators, experts, and institutions to explore emerging trends and startup opportunities in the fisheries sector.

Learning & Exposure

Gain insights from Fisheries-Startup Stakeholders through Networking, Talks and Discussions
