MANAGE-FISHub's

Fisheries-Startup and Aquapreneurship Stakeholders Meet

Connect. Collaborate. Catalyse

In collaboration with

College of Fisheries Science, Kamdhenu University, Navsari

September 1, 2026

College of Fisheries Science, Kamdhenu University, Navsari

MANAGE

The National Institute of Agricultural Extension Management (MANAGE), an autonomous organisation under the Ministry of Agriculture and Farmers Welfare, Government of India is an apex body for Agricultural Extension Management in India. MANAGE offers services like Capacity building, Management Education, Piloting and Implementing Flagship National Schemes, Consultancy, Research, Knowledge Management, Mentoring Agri-Startup and Policy Advocacy in Agricultural Extension Management (<https://www.manage.gov.in>).

MANAGE-FISHub

MANAGE-Fisheries Innovation and Startup Hub (MANAGE-FISHub) is a national- level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators. Kamdhenu University

Kamdhenu University, Gandhinagar, Gujarat, is a State University established by the Government of Gujarat with a mandate to advance education, research, extension and technology transfer in veterinary, animal husbandry, dairy, fisheries and allied sciences. The University promotes scientific and sustainable development of the livestock and fisheries sectors through human resource development, research, innovation and dissemination of appropriate technologies.

The College of Fisheries Science, Navsari, a constituent college of Kamdhenu University, was established in 2014-15 to address the growing need for skilled human resources and technological development in the fisheries sector of South Gujarat. The College serves as a nodal centre for education, research and technology transfer, with research focusing on fisheries resource management, aquaculture, harvest and post-harvest technology, aquatic animal health and related areas. It offers the B.F.Sc. programme and provides practical training, demonstrations and skill-development programmes for fisherfolk and fisheries entrepreneurs. (<https://www.kamdhenuuni.edu.in/cofs-navsari>)

Objectives

01.

To impart higher education in fisheries sciences and technology to create a cadre of fisheries professional to meet the demands of fisheries sector of Gujarat

To carry out research on location specific problems of Inland Brackish/Fresh/Marine fisheries Transfer of technology

02.

03.

To achieve the above envisioned goal, human resource development drive taken up on a mission mode will serve the purpose of generating professionals, middle level technicians and skilled workforce to augment fisheries production and timely processing to ensure profitability to the fish farmers/Entrepreneurs

About the Program

The Fisheries-StartUp and Aquapreneurship Stakeholders Meet aims to bring together all key stakeholders of India's fisheries and aquaculture ecosystem on a single collaborative platform and bridge the information gap, by facilitating a seamless exchange of knowledge, resources, and partnership opportunities among them.

The program aims to strengthen the fisheries entrepreneurship landscape by fostering innovation, collaboration, and value-chain integration. It provides startups with opportunities to showcase innovations, connect with partners and learn from successful ventures. By facilitating dialogue and partnerships, the program seeks to build an inclusive ecosystem that accelerates sustainable growth, technological adoption, and blue economy development.

Who Can Attend?

Fisheries Startups & Aquapreneurs

Aspiring Aquapreneurs

Fisheries Incubators, Accelerators & Innovation Hubs

Fishers & Fish Farmers

Fisheries Students & Researchers

Financial & Funding Organisations

Academic & Research Institutes

Fisheries & Allied Industries

FFPOs, Cooperatives & SHG's

Policy Makers

NGO's & Extension Functionaries

Other Stakeholders in the Fisheries Startup Ecosystem

Focus Areas

**Aquaculture
Mechanisation
& Innovation**

**AI & IOT in
Fisheries**

**Waste to
Wealth**

**Biotechnology
& Genetics**

**Integrated &
Secondary
Aquaculture**

**Blockchain
Technology**

**Fisheries Extension
&
Advisory**

**Post-Harvest
& Cold chain
innovations**

**Fisheries Inputs
& Feed Technology**

**Other Innovations
in Fisheries &
Aquaculture**

Key Takeaways

Build Networks
Meet individuals who can potentially become business partners, clients, mentors, or collaborators.

Gain Visibility
Showcase your products and technologies to a relevant audience, increasing your visibility within the local business community.

Learning & Exposure
Gain insights from Fisheries-Startup Stakeholders through Networking, Talks and Discussions

Forge New Partnerships
Facilitate collaborations and discover opportunities for joint ventures, partnerships, or projects that align with your objectives.

Discover New Opportunities

Engage with innovators, experts, and institutions to explore emerging trends and startup opportunities in the fisheries sector.
