MANAGE-Fisheries Innovation and Startup Hub (MANAGE-FISHHub) is a national-level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators. Our Programs

About the Program

The National Policy Workshop on Startups and Entrepreneurship in Fisheries aims to bring together key stakeholders from across India's fisheries and aquaculture ecosystem to strengthen entrepreneurship and innovation-driven growth in the sector. As one of the fastest-growing segments of the agricultural economy, the fisheries sector plays a vital role in food security, livelihoods, and Blue Economy development. The programme provides a platform for policymakers, research institutions, financial organizations, incubators, industry stakeholders, and aquapreneurs to engage in meaningful dialogue and knowledge exchange.

The workshop seeks to address critical challenges faced by fisheries startups, including access to finance, technology commercialization, infrastructure gaps, and limited adoption of innovative solutions at the grassroots level. By fostering collaboration and policy discussions, the programme aims to enhance institutional coordination, support enterprise development, and identify actionable pathways for strengthening India's fisheries startup ecosystem and accelerating sustainable Blue Economy growth.

Objectives

To examine policy and institutional frameworks supporting startups and entrepreneurship in the fisheries sector.

To identify key ecosystem challenges affecting fisheries enterprises.

To promote collaboration among stakeholders for strengthening innovation adoption and enterprise development.

To generate policy recommendations for strengthening India's fisheries startup and entrepreneurship ecosystem.

Who Can Attend?

Fisheries Startups
& Aquapreneurs

Aspiring
Aquapreneurs

Fisheries Incubators,
Accelerators &
Innovation Hubs

Fishers &
Fish Farmers

Fisheries Students
& Researchers

Financial & Funding
Organisations

Academic &
Research
Institutes

Fisheries &
Allied Industries

FFPOs,
Cooperatives &
SHG's

Policy Makers

NGO's & Extension
Functionaries

Other Stakeholders
in the fisheries
startup ecosystem

Key Takeaway

Shape Policy Direction

Identify priority policy interventions required to strengthen fisheries entrepreneurship and innovation-led sector growth.

Strengthen Collaboration

Enhance coordination among government institutions, incubators, stakeholders, and startups to build a connected ecosystem.

Enable Startup Growth

Develop actionable recommendations to improve startup access to finance, technology, and market opportunities across the value chain.

Support Ecosystem Development

Provide strategic inputs to strengthen MANAGE-FISHub initiatives and advance India's national fisheries startup ecosystem.
