

MANAGE-FISHub's

Fisheries StartUp and Aquapreneurship Stakeholders Meet

Connect. Collaborate. Catalyse

In Collaboration with

Nanaji Deshmukh Veterinary Science University

12th August, 2026

College of Fishery Science, Jabalpur, M.P

MANAGE-FISHub

MANAGE-Fisheries Innovation and Startup Hub ([MANAGE-FISHub](https://www.manage.gov.in/managfishub)) is a national-level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators. (<https://www.manage.gov.in/managfishub>).

NDVSU

Nanaji Deshmukh Veterinary Science University (NDVSU) is a specialized State Veterinary University established by the Government of Madhya Pradesh to provide higher education, research, and extension services in Veterinary Science, Fisheries Science, Animal Husbandry, Animal Biotechnology, and Wildlife Health.

The university was established on 3 November 2009 under the Nanaji Deshmukh Pashu Chikitsa Vigyan Vishwavidyalaya Adhiniyam, 2009 (Madhya Pradesh Act No. 16 of 2009). It serves as one of India's leading institutions for veterinary and fisheries education, with a strong emphasis on livestock development, aquaculture, animal health, and rural entrepreneurship. The College of Fishery Science (CoFS), Jabalpur is the only constituent fisheries college of Nanaji Deshmukh Veterinary Science University (NDVSU) in Madhya Pradesh. It was established in 2012 to address the growing demand for skilled professionals in inland fisheries, aquaculture, fish health, and fisheries management in Central India. The college has become an important centre for fisheries education, research, and extension, particularly focusing on freshwater aquaculture, reservoir fisheries, and sustainable fisheries development. (<https://www.ndvsu.org.in>).

Objectives

01.

To Impart Education in Veterinary, Fisheries and Allied Sciences

To Advance Learning and Promote Research in Veterinary and Fisheries Sciences

02.

03.

To Undertake Extension of Veterinary and Fisheries Sciences to Rural Communities

Human Resource Development & Sustainable Livestock and Fisheries Development

04.

About the Program

The Fisheries-StartUp & Aquapreneurship Stakeholders Meet aims to bring together all key stakeholders of India's fisheries and aquaculture ecosystem on a single collaborative platform and bridge the information gap, by facilitating a seamless exchange of knowledge, resources, and partnership opportunities among them.

The program aims to strengthen the fisheries entrepreneurship landscape by fostering innovation, collaboration, and value-chain integration. It provides startups with opportunities to showcase innovations, connect with partners, and learn from successful ventures. By facilitating dialogue and partnerships, the program seeks to build an inclusive ecosystem that accelerates sustainable growth, technological adoption, and blue economy development.
