MANAGE

The National Institute of Agricultural Extension Management (**MANAGE**), an autonomous organisation under the Ministry of Agriculture and Farmers Welfare, Government of India is an apex body for Agricultural Extension Management in India. MANAGE offers services like Capacity Building, Management Education, Piloting and Implementing Flagship National Schemes, Consultancy, Research, Knowledge Management and Policy Advocacy in Agricultural Extension Management (<https://www.manage.gov.in>).

MANAGE-FISHub

MANAGE-Fisheries Innovation and Startup Hub (**MANAGE-FISHub**) is a national-level incubation and innovation platform established at the National Institute of Agricultural Extension Management (MANAGE), Hyderabad, in 2025 with the support of the Department of Fisheries (DoF), Ministry of Fisheries, Animal Husbandry and Dairying (MoFAHD), Government of India. MANAGE-FISHub aims to transform India's fisheries and aquaculture sector through innovation, entrepreneurship, and ecosystem development by mentoring and promoting fisheries startups, creating employment and entrepreneurial opportunities aligned with national priorities, and enabling the rapid commercialization of technologies emerging from research, academia, and individual innovators. (<https://www.manage.gov.in/managefishub>).

Guwahati Biotech Park (GBP), Guwahati, Assam

The Technology Incubation Centre (TIC) at Guwahati Biotech Park provides an enabling ecosystem for innovators and entrepreneurs to transform scientific ideas into commercially viable technologies and businesses. The Centre offers ready-to-use modular laboratory spaces, specialised scientific facilities, technical infrastructure and support services, reducing the initial infrastructure burden for biotechnology startups and entrepreneurs.

GBP supports entrepreneurs through incubation, mentoring, training, capacity-building programmes and access to specialised research and analytical facilities. Its infrastructure includes facilities for analytical instrumentation, bioprospecting, micropropagation, herbal extraction, fermentation and bioinformatics, among other technology support services. These facilities enable startups and researchers to undertake research, product development, prototype testing and validation. Through its incubation and entrepreneurship initiatives, GBP promotes the development of innovation-led ventures across biotechnology and allied sectors. The Park also facilitates connections between entrepreneurs, research institutions, academia and industry, contributing to the growth of a stronger biotechnology and innovation ecosystem in Assam and the wider North Eastern region. The Park encourages the effective utilisation of the region's rich biodiversity and bio-resources for developing innovative products and technologies. By fostering collaboration and knowledge sharing among key stakeholders, GBP creates opportunities for innovators and entrepreneurs to develop, validate and scale their ventures, supporting sustainable entrepreneurship and technology-driven growth. (www.guwahatibiotechpark.com).

Business Incubation Centre for Fisheries and Aquaculture (BICFA)

The Business Incubation Centre for Fisheries and Aquaculture (BICFA), Guwahati Biotech Park focuses on promoting innovation, incubation and entrepreneurship in fisheries, aquaculture and allied sectors. The Centre aims to support startups, entrepreneurs, researchers and technology-based enterprises by facilitating the development, validation and commercialisation of innovative solutions across the fisheries and aquaculture value chain. BICFA supports entrepreneurship through incubation, mentoring, training, capacity-building programmes and linkages with research institutions, academia, industry and other stakeholders. Its activities focus on promoting technology-driven enterprises, strengthening value addition, encouraging sustainable fisheries and aquaculture practices, and supporting the growth of innovative businesses in the sector. Through its initiatives, BICFA contributes to the development of a stronger fisheries and aquaculture startup ecosystem by providing opportunities for entrepreneurs to develop, validate and scale their ideas and technologies. The Centre also promotes collaboration, knowledge sharing and industry linkages to support sustainable entrepreneurship and innovation in fisheries, aquaculture and allied sectors. BICFA's sector-specific focus complements GBP's broader biotechnology and innovation ecosystem, creating opportunities for collaboration in biotechnology applications, value addition, research and technology-driven enterprise development across fisheries, aquaculture and allied sectors.

About the Program

The Fisheries-StartUp and Aquapreneurship Stakeholders Meet aims to bring together all key stakeholders of India's fisheries and aquaculture ecosystem on a single collaborative platform and bridge the information gap, by facilitating a seamless exchange of knowledge, resources, and partnership opportunities among them.

The program aims to strengthen the fisheries entrepreneurship landscape by fostering innovation, collaboration, and value-chain integration. It provides startups with opportunities to showcase innovations, connect with partners, and learn from successful ventures. By facilitating dialogue and partnerships, the program seeks to build an inclusive ecosystem that accelerates sustainable growth, technological adoption, and blue economy development.

Who Can Attend?

Fisheries Startups & Aquapreneurs

Aspiring Aquapreneurs

Fisheries Incubators, Accelerators & Innovation Hubs

Fishers & Fish Farmers

Fisheries Students & Researchers

Financial & Funding Organisations

Academic & Research Institutes

Fisheries & Allied Industries

FFPOs, Cooperatives & SHG's

Policy Makers

NGO's & Extension Functionaries

Other Stakeholders in the Fisheries Startup Ecosystem

Focus Areas

Aquaculture
Mechanisation &
Innovation

AI & IOT in
Fisheries

Waste to
Wealth

Biotechnology &
Genetics

Integrated &
Secondary
Aquaculture

Blockchain
Technology

Fisheries Extension
&
Advisory

Post-Harvest &
Cold chain
innovations

Fisheries Inputs
& Feed Technology

Other Innovations
in Fisheries &
Aquaculture

Key Takeaways

Build Networks

Meet individuals who can potentially become business partners, clients, mentors, or collaborators.

Gain Visibility

Showcase your products and technologies to a relevant audience, increasing your visibility within the local business community.

Learning & Exposure

Gain insights from Fisheries-Startup Stakeholders through Networking, Talks and Discussions

Forge New Partnerships

Facilitate collaborations and discover opportunities for joint ventures, partnerships, or projects that align with your objectives.

Discover New Opportunities

Engage with innovators, experts, and institutions to explore emerging trends and startup opportunities in the fisheries sector.

Organizing Team

Dr. Saravanan Raj

Director (Agricultural Extension), MANAGE &
CEO, MANAGE-FISHub
Rajendranagar, Hyderabad
