GUIDELINES FOR ASSIGNMENTS

Assignments constitute an important component of each course evaluation. Submission of assignment for each course is mandatory to complete the course. The Grade that you get in your assignments will be counted in your final result. The assignment is of 40 marks and the candidate has to secure a minimum of 20 marks to qualify i.e. qualifying marks are 50 percent. Therefore, you are advised to take your assignments seriously. You need to complete one assignment for each course. You will not be allowed to appear for the term-end examination for any course if you do not submit the assignments in time for that course and therefore, are requested to submit the assignment online within the stimulated timeline.

Objectives

The main objectives of the assignment are –

- To have a better understanding of the theories and concepts covered in the course
- To have an in-depth analysis and synthesis on the subject
- To help the candidates to relate with the theoretical inputs to field and job situation

Selection and content of assignments

- A list of topics is provided at the webpage of the program under icon ‘Assignment (2nd Semester)’. You have to select any two topics/questions out of this list for the assignment for each course based on your interest and its utility to you. Each question will carry 20 marks, i.e. total assignment will be of 40 marks.
- Mention the topic before you start your explanation/writing for a particular topic so that it facilitates the examiner in understanding which topic/question is attempted by the candidate
- The assignment should cover various facets and components with specific details and illustrations.
- You should analyse and synthesize various facets on the topic and come out with conclusions and suggestions to utilize the given concept/theme.
- It should also reflect how a warehouse operator can make use the selected theme in various contexts of the job situations.
- It will be useful to highlight the various issues involved in the operationalization of the concept, wherever necessary.
- Ultimately, writing the assignments should help you to end up with an in-depth understanding of the subject and also enhance your competencies to utilize the concept/theme in effective operation of different agri-warehousing activities.
Specifications for writing the assignment

- Each question of the assignment should not be answered in more than 800 – 1000 words and should not exceed 3 pages. So total assignment is required to completed within 1600 – 2000 words and 5-6 pages.

- You may refer to various field study reports, annual reports, program evaluation reports, observations of experts and other sources relevant to answer the questions. The list of references should be clearly quoted at the end of the assignment.

Guidelines for writing the assignments

- The first page of assignment should have information like, your name, your ID number, your batch number and subject code with name.

- The study material provided to you in PDF form through MOOCs platform will be helpful for writing the assignments. However, literature review, field experience and observations, if any, would add value to it. Thus, combining conceptual aspects of the course with practical and field reflection will ensure good outcome.

- Make sure that it is presented in a logical manner and has clear connection between paragraphs.

- Use only A 4 size page for typing your assignments.

- Assignments are to be submitted in type-written form.

- Do not copy from the assignments of other candidates. Assignments found to be copied/ duplicate will be rejected.

- Write assignments separately for each course. Eg. for Semester-I, you have to write 4 assignments i.e. a separate assignment for each of the four subjects i.e. AWM 101 to 104. Similarly, for Semester-II, you have to write five assignments i.e. a separate assignment for each of the five subjects i.e. AWM 201 to 205.

- For your own record retain a copy of each assignment that you submit.

- The Assignment topics are available under the icon ‘Assignment (2nd Semester)’ provided on the webpage of the PGDAWM program (https://www.manage.gov.in/pgdawm/pgdawm-moocs.asp)

- The assignments should be completed in all respects as per guidelines.

- *The completed assignments are to be uploaded in the MOOCs online website.*
Process for online submission

The assignment is to be submitted online, the process is –

Visit page of the program
https://www.manage.gov.in/pgdawm/pgdawm-moocs.asp

Click on ‘Online Course (MOOCs)’ - last icon on left side
Sign-in (as you usually do)

Click on ‘Subjects’ - top right

Select the subject you want to submit assignment for

Click on ‘Access Course’

Scroll Down
At bottom, after all the chapters, there is given an icon/ provision for assignment submission

Click on the assignment link as explained above
Upload the assignment file and Submit

Note
Candidates are requested to submit assignments online before the last date provided for each subject. The link will not be available after due date. Candidates are also requested to keep in mind that each subject is having a separate last date.
