As the institute fees for pursuing PGDM-ABM is around 10 lakhs it can cause financial stress, forcing students to take on large debt, potentially leading to poorer academic performance, and creating inequality between students from different socioeconomic backgrounds. so need-based MBA scholarships are typically awarded based on a students family income, with many top B-schools like IIMs offering such options, where students with a lower annual family income are eligible for financial assistance, are there any scholarships provided for students in manage?	MANAGE PGDM (ABM) program is a self-financed program with a total fee of Rs. 9,25,000/- for the forthcoming batch 2025-27. MANAGE offers 10 scholarship each worth one lakh in the first year and 10 scholarships in the second year each worth one lakh. The criteria for awarding the scholarships is family income and merit.
