MANAGE

“मेरा जीवन ही मेरा सदेश है”

वापू की प्रतिमा का अनावरण
पद्मभूषण श्री अन्ना हजारे के कर कमलों द्वारा संपन्न
6 दिसंबर, 2014

FOREWORD

The training and capacity needs of Agricultural Extension Professionals are changing due to advances in agriculture sector, organizational changes and introduction of several schemes and programs by the Governments that ensure welfare of farmers in the country. The role of Agricultural Extension Professional is also influenced by the deep involvement of public and private organizations, funding agencies, Banks, FPOs, NGOs, Agripreneurs, Agri Startups, Agri-Business Sector and wide range of stakeholders in agricultural development process. It demands the New Extensionists to acquire more skills, latest technical knowledge and require an appropriate mindset to learn new things for effective performance from time to time.

MANAGE is always on the forefront to strengthen Agricultural Extension System by designing and offering highly relevant training and capacity building programs to Agricultural Extension Professionals in the ever changing landscape of Agriculture Sector.

In order to assess the training and capacity needs of Agricultural Extension Professionals, MANAGE has followed a participatory and consultative process by involving all the stakeholders. MANAGE organised the Annual Training Planning Workshop-2023 in January 2023 involving Ministry of Agriculture and Farmers Welfare, Govt. of India, State Departments, SAMETIs, EEIs, Department of Extension from State Agricultural Universities (SAUs), ICAR Institutes, KVKs and MANAGE faculty members to know the training priorities of Agricultural Extension Professionals.

This exercise helped to identify priorities of the on-going national missions like Natural Farming, FPOs, Agri Startups, Agriculture Infrastructure Fund, Digital Agriculture and various Schemes and also align training priorities with G20 themes and India's commitment to the world for climate change and improved nutritional security through the International Year of Millets 2023. It also considered the Capacity Building Plan for Agriculture Sector initiated by the Capacity Building Commission, Govt. of India and included the priority areas in MANAGE Training Calendar 2023-24 for capacity building of agricultural professionals in the country.

I am happy to share MANAGE Training Calendar 2023-24 which proposes a total of 436 capacity building programs which included training programs, workshops, seminars, conferences and webinars that address the training and capacity needs of Agricultural Extension Professionals in the country and abroad.

MANAGE believes that institutional partnership is the key for imparting need-based training programs for ensuring greater synergy of efforts and maximizing the use of knowledge resources available with leading agricultural institutes in the country. I am glad to inform that for the year 2023-24, MANAGE established partnerships with the 27 Indian Council of Agricultural Research (ICAR) Institutions, 32 State Agricultural Universities (SAUs), 4 Extension Educational Institutions (EEIs) and 17 State Agricultural Management, Extension Training Institutions (SAMETIs) and 8 Partner Organizations who signed MoU with MANAGE, 13 MANAGE Facilitators and 5 Other Organizations to organize 200 Online Collaborative Training Programs on emerging technical themes which are of importance to Agricultural Extension Professionals.

MANAGE found immense opportunity in harvesting the online platforms and MOOC technologies to organize highly-focused innovative training programs covering a big number of participants beyond borders. For the academic year 2023-24, MANAGE organizes about 355 online training programs and MOOC-based training programs so as to reach out to a large number of participants in a most cost-effective way.

Besides technical themes, during 2023-24 MANAGE focus on capacity building on different aspects of Millets, Natural Farming, FPOs, Agricultural Credit and Insurance, Agripreneurship, Agri Startups, Value Chain Extension, Innovations in Allied Extension, Digital Agriculture, Nutri-Sensitive Agriculture, Beekeeping, Drones in Agriculture, Mobile Journalism, Carbon Credits in Agriculture, Agricultural Labour, CSR in Agriculture, Jai Jawan Kisan (for Ex-Servicemen) etc., with a view to improve skills and knowledge of Agricultural Extension Professionals.

I am sure that MANAGE Training Calendar 2023-24 would help State Government Departments, ICAR Institutions, SAUs, KVKs, SAMETIs, EElS, Farmers' Producer Organizations, NGOs and Private Sector to nominate their officers, scientists, extension functionaries, faculty members, administrators, project managers and researchers to participate in suitable training programs, workshops, conferences, webinars and seminars in order to develop their capacities and skills to deliver extension services to farmers effectively. I hope it will also help Farmers, Agripreneurs, Input Dealers, Agri Startups, Agricultural Students, Scholars and anyone who is interested to participate in the MANAGE online training programs and webinars to improve their knowledge and understanding on the latest things in agriculture.

A handwritten signature in black ink, appearing to read "Dr. P. Chandra Shekara".

Dr. P. Chandra Shekara
Director General

The **National Institute of Agricultural Extension Management – MANAGE** was established as an autonomous Institute in 1987 at Hyderabad by the Ministry of Agriculture & Farmers Welfare, Government of India to strengthen Agricultural Extension System in the country to address the challenges in a rapidly growing and diverse agriculture sector.

VISION is to be counted among the most pioneering, innovative, userfriendly and self-supporting agricultural management institutes in the world.

MISSION is to facilitate the acquisition of managerial and technical skills by Extension Officers, Managers, Scientists and Administrators in all sectors of agricultural economy to enable them to provide most effective support and services to Farmers and Fishermen for practicing Sustainable Agriculture and ensuring better income for their produce

MANAGE

Functions

MANAGE will assist the Govt. of India, State Governments and Union Territories to improve delivery agricultural extension and advisory services to farmers. The Institute undertakes training for national and international stakeholders, action research, policy advocacy, implementation of Govt. of India schemes, agri-business education, agri startup development, consultancy and knowledge outreach activities.

Need-based Training Programs

MANAGE imparts need-based training on select thematic areas to agricultural extension functionaries working in State Departments of Agriculture, Horticulture, Animal Husbandry & Veterinary Services, Fisheries, Sericulture, Scientists of State Agricultural Universities as well as Executives in the private sector. Training Programs, Workshop, Seminars, Conferences, Dialogues, Webinars are organized on key areas of current importance to prepare the extension functionaries to cope with new challenges and for effective implementation of various Flagship Programs of Governments. MANAGE also organizes customized training programs in response to the requests from the Govt. of India, State Governments & UTs, Organizations, Universities and Private Sector Companies.

MANAGE imparts training to senior and middle level Officers in India and also offers training to Senior Executives of Asia and African countries through bi-lateral and multi-lateral Agreements through Govt. of India.

Training Methodology

MANAGE's training programs are farmer-focused and user-friendly. The strength of MANAGE training programs is based in participatory and experiential learning methodology. It includes case studies, success stories, hands-on practice, field visits, group work, soft skills, communication skills, interactive sessions, discussions, presentations by participants, technical sessions by MANAGE faculty and experts drawn from pioneering Institutions in India. MANAGE believes in problem-solving approach to field level issues faced by farmers, officers and other stakeholders in its training programs.

MANAGE found immense opportunity during the most difficult times of pandemic in harvesting the online / virtual platforms and MOOC technologies to organize highly-focused innovative training programs covering a big number of participants beyond borders.

Who can attend

Agricultural Extension functionaries working in State Departments of Agriculture, Horticulture, Animal Husbandry & Veterinary Services, Fisheries, Sericulture, Scientists and Academia from Indian Council of Agricultural Research (ICAR Institutions), State Agricultural Universities, Faculty of State Agricultural Management and Training Institutions (SAMETIs) and Extension Education Institutions (EETs) in the country can attend MANAGE online or off-line training programs.

MANAGE also encourages Innovative Farmers, Agripreneurs, Input Dealers, Agri Startups, NGOs, Private Sector, FPOs, Research Scholars, Students of Agricultural Universities etc. They may attend online training programs and webinars of MANAGE for free. However, MANAGE will permit highly suitable and serious candidates from this group to attend physical or off-line training programs.

How to Register

MANAGE gives details (title of the training program, scheduled dates, venue, name of the course director and a link for online registration) of all training programs on its website www.manage.gov.in two months ahead of the scheduled time. Those who are interested to attend a training program may register through an online registration form mentioned against that program. The eligible candidates will receive confirmation from the concerned course director.

Program Schedule

Usually, MANAGE will follow the schedule as mentioned in the Training Calendar. But however, due to unavoidable circumstances sometimes the dates of training programs may be rescheduled. Hence, it suggested to check MANAGE website www.manage.gov.in for exact dates of the training programs or contact concerned MANAGE Faculty Members.

Fee

National Participants: There is no course fee for Government Functionaries to attend online or off-line training programs. For the training program in physical mode / off-line, the nominating Government Department / Organization has to bear the Travelling and Dearness Allowance (TA & DA) of their nominees. MANAGE will not pay any TA or DA to participants. MANAGE will provide free lodge and boarding arrangement during the training period at its hostel. MANAGE has limited accommodation facilities at its hostels and guesthouse. Therefore, participants are discouraged to bring accompanies or spouses along with them.

International Participants: International participants may attend Online Training Programs and Webinars free of charge. However, for physical / off-line programs of 3 or 5 days duration, MANAGE charges an amount of US \$500 towards course fee, lodging and boarding charges. Suitable accommodation will be provided at MANAGE hostel. The air travel, visa and any other expenses should be borne by the candidate or the sponsoring organization. The International participants should send their nominations through the Government official channels to MANAGE well in advance for processing and confirmation

Consultancy-based Training Programs

MANAGE organizes training programs on consultancy basis on the request from State Departments, Agricultural Universities, NGOs, Private Agri Business Companies. MANAGE charges an amount of Rs.5000/- per person towards course fee for a regular training program of 3 or 5 days duration in addition to Rs.1350/- towards lodging and boarding per day per person excluding GST.

MANAGE also undertakes highly tailor-made capacity development programs, skill development programs, MDPs and project-specific programs for Executives of Private Sector, Youth, Project Managers and Faculty Members of Agricultural Universities and Induction Training Programs for newly recruited officers of State Departments on consultancy basis. MANAGE may be contacted indicating specific training requirement for a detailed proposal with budget estimate.

The Campus

MANAGE Campus is designed aesthetically, with sprawling lawns and an ambience of serenity for the pursuit of educational and professional development. It is spread over 37.06 acres at Professor Jayashankar Telangana State Agricultural University Campus at Rajendranagar, Hyderabad. The campus is full of diverse flora and fauna comprising of a variety of trees, green lawns, natural rock formations and splendid water bodies, animals and birds which together create an aura of stunned silence. The institute located in the heart of Hyderabad city but tucked away into a quiet corner, the verdant campus offers a supremely tranquil environment.

MANAGE has well-furnished blocks comprising of office buildings, faculty rooms, training halls, classrooms, hostels for trainees and students, international guest house, library, computer center, MOOCs Lab and health center. The spacious amphitheatre-style, air-conditioned classrooms and training halls are equipped with the latest audio visual equipment to provide the most conducive atmosphere for dynamic and focused learning.

MANAGE is a Wi-Fi enabled campus. It is very helpful to work from any block/building and receive the same speed of data transfer. MANAGE MOOCs Lab provides state-of-the-art studio facilities to shoot and edit video lessons, lectures, discussions and organize online classes, MOOC-based courses and training programs which reach out to candidates beyond borders.

MANAGE Library has a specialized collection of books, journals, databases, videos and CDs in the field of agriculture and allied aspects. MANAGE disseminates its publications and services through its website and social media platforms like MANAGEIndia YouTube Channel, Facebook and Twitter to reach stakeholders.

MANAGE has a Health Centre on campus run by a regular physician. It provides timely first aid and emergency as well as regular medical care to the students, staff and their families and also participants attending the training programs.

MANAGE Sports Complex has facilities like indoor and outdoor games, including a well-equipped gymnasium. Yoga classes are conducted for the training participants and the students daily in the early hours at MANAGE campus by a professional coach.
